

# 100<sup>th</sup> Anniversary

## Foreword

It has not been the aim nor the purpose of the committee to write a masterpiece of literature, but a condensed history of Santa Cruz Lodge No. 38, F.&A.M. as it is related in the minutes of the Lodge and from such other sources as were available.

The policy of the committee has been not to mention living individuals except where such mention relates directly to the history of Santa Cruz Lodge No. 38 or to its activities.

The minutes of the past decade have produced scant historical material, but future historians may find them of more interest.

The committee regrets that it is unable, through lack of space, to give credit to all those who have contributed information regarding the past activities of the Lodge and also in obtaining the pictures of the former Past Masters.

The compiling of this book has been an interesting and enjoyable work and it is hoped that you, too, will enjoy it.

. . . AND . . .

To those far-sighted Brothers, who in the year Anno Lucis 5853 [1853 A.D.] banded together to bequeath to us Santa Cruz Lodge No. 38, this book is dedicated:
